INDEPENDENT RECONCILIATION REPORT COVERING JANUARY 2010 TO  
DECEMBER 2010**

**BACKGROUND**

The global Extractive Industries Transparency Initiative (EITI) was established in 2002. Since then the EITI has become a well established and well recognized broad-based global coalition of resource-rich developing countries, donors, major companies, civil society groups, and investors. The Initiative encourages Government, companies and civil society to work together to develop a framework for the regular publication of payments and receipts from oil, gas, and mining companies. The aim of disclosing this information is to promote transparency and accountability in the use and distribution of revenues generated by the development of the country's extractive industry thereby reducing the risk of diversion or misappropriation of funds.

The Government of the Republic of Zambia in July 2008, announced the country's adherence to EITI, published the work plan and established a Multi-Stakeholder working Group (MSG), the Zambia EITI Council (ZEC) to spearhead the implementation of EITI. Zambia became a candidate country in May 2009 and was validated for compliance in August 2011. The EITI Board assessed Zambia as having made meaningful progress in the implementation of EITI but was found to be not yet compliant. In this regard Zambia's candidature was extended by 18 months up to February 2013. During this period Zambia is expected to undergo either a secretariat review or a second validation exercise in order to become compliant. The secretariat review involves assessing the implementation of activities which address weaknesses identified in the first validation report. Central to attaining and maintaining compliant status is the production of regular reconciliation reports that reconcile payments by extractive companies with revenues received by Government from extractive companies.

Zambia has already produced the First Reconciliation Report based on the 2008 audited accounts and the Second Reconciliation Report based on the 2009 audited accounts is due to be published in early 2012. The ZEC now seeks a competent and internationally recognized accounting or auditing firm to be contracted as an Independent Reconciler to publish the Third ZEITI Reconciliation Report covering the period January 2010 to December 2010. The Reconciler will also undertake a scoping study covering the same period.

### OBJECTIVE

The objective of the consultancy is to produce a Scoping report and a Reconciliation Report on payments made by extractive companies and revenues received by Government agencies for the period January 2010 to December 2010 under the 2011 EITI Rules. ( Version: 1 November 2011)

### SCOPE OF WORK

The consultant will be expected to undertake the following tasks in the order presented below:

1. Undertake a review of all past Reconciliation and Scoping Reports to assess areas which need improvement.
2. Undertake a scoping study to establish payment streams and materiality thresholds of payments made by extractive companies and revenues received by government agencies in 2010. The consultant will;
  - i. Establish the size of the extractive industry including the oil and gas subsectors in Zambia which contribute to the treasury and local councils.
  - ii. Establish payment streams from the extractive companies including payment streams from the oil and gas subsectors and clearly define these payment streams
  - iii. Outline the payment flows within the extractive industry in Zambia to include payment flows through third parties.
  - iv. Establish a list of all extractive companies holding mineral and petroleum rights. For each company identify;
    - Company's Tax Payer Identification Number TPIN
    - Type of company i.e. exploration, mining, quarrying, oil/gas etc
    - Type of license(s) held and the license number(s)
    - The company's main products
    - Output of the main products
    - Company's location(s)
    - Companies reporting for the first time.
  - v. Then review and recommend the materiality threshold. For those extractive companies included in the reconciliation, identify

External auditors for 2010

Customs clearing agent(s) for 2010

- vi. Establish a list of all government receiving agencies at national and sub-national level together with the payment types received.
  - vii. Examine the existence of social transfers, infrastructure provisions, barter type arrangements and other in-kind payments in the Zambian extractive sector; If they exist, recommend how to handle social transfers, infrastructure provisions and barter type arrangements and other in-kind payments in the Reconciliation report in accordance with the New EITI Rules of 2011.
  - viii. Re-design or modify reporting templates in accordance with the results of the scoping study if necessary.
  - ix. Examine options for expanding the scope of the 2011 revenue reconciliation (4<sup>th</sup> report)
  - x. Submit the scoping report and draft reporting templates to ZEC for scrutiny and approval.
3. Based on the results of the Scoping study carry out the Reconciliation exercise as follows;

Conduct a training workshop for all stakeholders to address the main issues that affect the reconciliation exercise once ZEC has approved the reporting templates. The training will aim to achieve the following

- i. Extractive companies, Government agencies, external auditors and customs clearing agents to have a clear understanding of the information to be provided.
- ii. The extractive companies and government agencies and external auditors to understand that only cash based payments and not accrual based payments will be used in the report.
- iii. The requirement for data extracted from audited financial statements to meet international auditing standards to be explained, including the requirement for confirmation by external auditors.
- iv. To clearly explain the payment streams as identified by the Scoping study and the importance of reporting each payment stream separately
- v. To explain to customs clearing agents the need to separate payment streams for each company.
- vi. To explain the need for companies and government agencies to create and maintain a data base for EITI reporting
- vii. To explain to reporting entities to include in the terms of reference to their external auditors "special procedures" requests for the auditors to compile annual (calendar year) cash-based payments for the taxes the companies report to ZEITI. This process should be done in line with appropriate international standards on auditing and the auditors should certify the work.

*Handwritten signature*

- viii. Demonstrations to be carried out on how to properly fill in reporting templates
  - ix. Type of evidence required for each payment stream to be discussed and agreed
  - x. Adherence to reporting deadlines to be emphasized and the early submission of soft copies to expedite the reconciliation exercise followed by certified hard copies to be explained.
  - xi. Information packs to be provided to guide the stakeholders.
4. Carry out the reconciliation exercise, comprising the following elements:
- i. Submit the reporting template directly to each Government agency and to each of the reporting extractive companies.
  - ii. Government and company reports must be based on accounts audited to international standards. Reporting government entities and companies to be requested to have their reporting templates certified by their auditor before submitting them to the reconciler. In the cases where data has not been certified or audited to international standards, the reconciler must request supporting documentation (i.e. audited financial statements, receipts, banking records) to verify the veracity of company and government data.
  - iii. Obtain onsite information from the extractive companies and government where necessary.
  - iv. Discuss with ZEC how to address any specific issues that may arise which are related to meeting the EITI validation criteria.
  - v. Analyse and reconcile all data submitted by extractive companies and Government agencies in the reporting templates for the fiscal year 2010. The reconciler shall work with both parties to explain and resolve any discrepancies between the payments and receipts.
  - vi. Produce a reconciliation report on company payments and Government receipts. The report shall highlight the reconciled discrepancies and the unresolved discrepancies and recommend action to be taken on the unresolved discrepancies.
  - vii. Document the procedures employed so as to facilitate and prepare future reconciliation exercises which shall be conducted on a regular basis.
  - viii. The Reconciler shall observe confidentiality towards all parties and their reported data except as required to be disclosed in keeping with the Terms of Reference or any other requirement of the Zambia EITI.
  - ix. The Reconciliation Report shall be published in an accessible, comprehensive and comprehensible manner and must;
    - a. Include the definition of 'material payments and revenues' agreed by ZEC.
    - b. List and describe the revenue and benefit streams that are included in the report.

*Handwritten signature*

- c. Include a list of all licensed or registered companies involved in the extractive sector exploration and production, noting which companies participated in the EITI reporting process and those that did not (with an indication of the relative size whether by production or revenue/payments and reasons for non-participation)
  - d. Show the contribution of each revenue stream in relation to the total revenue.
  - e. State if any companies or government entities failed to participate in the reporting process, and assess whether this is likely to have had a material impact on the stated figures;
  - f. Describe the steps taken by the government and the MSG to ensure that company and government disclosures to the reconciler are based on audited accounts to international standards.
  - g. Describe the methodology adopted by the reconciler to identify discrepancies, and any further work undertaken by the reconciler, ZEC or the government to explain and, if necessary, address any discrepancies that have been identified.
  - h. Include the reconciler's comments on the quality of the data.
  - i. Explain the procedure and methodology in order to facilitate and prepare future reconciliation exercises.
  - j. Set out recommendations for how to strengthen the exercise in future.
- x. Produce a summary of the Reconciliation report in a clear and comprehensible manner for wider dissemination to the public.
  - xi. The reconciler shall present the report at a national workshop.

#### RECONCILER'S QUALIFICATIONS

1. The Reconciler shall:
  - i. Be a local, foreign firm or a joint venture between a local and a foreign firm with international reputation: partnership with a local firm or local representation would be an added advantage.
  - ii. Have adequate senior professionals with experience in relevant fields to provide impartiality and expertise for all parties including lead person with not less than 5 years of relevant working experience;
  - iii. Possess adequate knowledge of the mining industry, taxation, and public and private accounting in Zambia;
  - iv. Have provided services in the context of large scale auditing and accounting projects before; and
  - v. Demonstrate how any conflict of interest would be addressed if Reconciler has extractive companies as clients.
  - vi. Have experience in carrying out EITI reconciliations and know the current EITI Rules

*Handwritten signature*

### REPORTING PROCEDURES

Under these TOR's the Consultant will report to the Zambia EITI Council (ZEC) through the Head- ZEITI Secretariat.

### SUPPORT FROM THE CLIENT

The Consultant shall have access to all available documentation relevant to the assignment. The consultant is expected to provide his/her own computer, make his/her own arrangements for accommodation and transport.

### DELIVERABLES TO BE SUBMITTED BY THE CONSULTANT

The assignment shall be completed within one hundred and fifty (150) calendar days of contract effectiveness. The report will cover the period January 2010 through December 2010.

1. Inception report to be submitted within one (1) week of commencement of the assignment. The inception report will also include the detailed table of content and structure of the Reconciliation report.
2. Submit a scoping report and draft reporting templates five (5) weeks after commencement of the assignment for ZEC approval. The scoping report shall be consistent with item 2 of the Scope of Work.
3. Draft Reconciliation Report to be submitted in week fourteen (14) of the assignment consistent with item 3 of the Scope of Work for ZEC's comments
4. Final Reconciliation report and summary report to be submitted in week twenty one (21) of the assignment for ZEC's approval. The final and summary reports will be in both hard copy and soft copy. The final report will take into account all comments by ZEC and reconciliation of any gap detected in the report or specific comments on the description of the follow-up needed to be done and by whom.
5. The Reconciler will submit the approved scoping report and reconciliation report to the ZEITI Secretariat in both hard and soft copies.
6. The final Reconciliation report will be presented by the Consultant at a gathering of key stake holders.

### TIMELINE

The assignment shall be completed within one hundred and fifty (150) calendar days of contract effectiveness.

**Management sign-off**

I acknowledge for and on behalf of the above Entity's responsibility for the true and fair presentation of the attached reporting template in accordance with the reporting guidelines. Specifically, I confirm the following:

- The information provided in respect of amounts paid/received is complete and has been faithfully extracted from the Entity accounting records;
- All the amounts paid/received are supported by genuine receipts and substantiated by documentary evidence;
- The amounts paid/received exclude payments/income made before 1 January 2010 and payments/income made after 31 December 2010
- The classification of amounts paid/received on each line is accurate and does not include amounts due to be reported on other lines
- The amounts paid/received do not include amounts paid/received in respect of other entities.
- The amounts paid/received only include amounts paid/received by the Entity
- The accounts of the Entity on which the figures are based have been audited and an unqualified audit opinion issued thereon in accordance with International Standards on Auditing
